In the fantasy action RPG Elden Ring, an epic action-RPG produced by the leading RPG game developer "Sword Art Online," your stories are born in a world after a mysterious calamity. A calamity that forced the world into darkness and plunged them into a reality where fantasy and

reality are no longer distinguishable, and where humans and beings from another world known as the “Elden” are locked in a deadly battle. In this world where fantasy and reality have merged, we exist. However, in order to survive, we must forge our own destiny. You are thrown into this world as a character called Tarnished, with the ability to manipulate the element of time. Using that ability, you must forge your own destiny and go through the most thrilling experience of your lifetime. Story

- A world that has fallen into darkness.
- A world with a high risk of disturbance.
- A world with a powerful dark force.
- The story of a young man Tarnished who possesses the ability to manipulate time.
- A story of three young women - El-O, El-S, and El-K
- A story between two worlds - the universe that casts the sun and the universe that casts the moon.
