**/ 40USD SAVE 10% by Joe Diiorio My name is Joe. I'm a writer. I like Space. And Art. I'm a designer at FandomStudios. Let's talk! I accept payments in your name for purchases of our payment apps. I also accept other people's money, so you don't have to. I'm totally not some guy taking your money and then never answering any of your questions or replying to you on Twitch or Facebook. By dealing with us you are dealing directly with my co-artists Christy and Johnson on the Saxophone. Johnson and Christy are amazing musicians and I want to tell you about our process and their ambitions. Christy and Johnson are both self-taught musicians, and very busy. So it took me months to get this conversation going, but it's finally over after many, many dozens of emails in the last month. Let me tell you what they are planning to do and how you can help. Overcoming adversity is hard. When we do sit down and play together, we can have some of the best time of our lives, but it's no easy feat. What I'm about to give you is the result of months of work: five super incredibly-awesome 45-minute jams in which we tried some new things, explored some old things and made lots of really awesome music. Finally, all the dots are in the right places, and you can play it all live, or listen to it on your own time. In this bundle you get: Free Digital Access: These files are ready for you. You can copy them and use them for your own pleasure and inspired goofing around right away. If you download them, you own them to keep forever! 3 Musician Game Sound Tracks: Take their mic and jam! These are also good for practicing with your friends and maybe even for cool new games. In this set, Christy and Johnson performed their improvisations live on stage. You'll feel like you're with them in the video trailer, and they're sharing the music along with you. Video Trailer and Video Wallpaper: This is for when you're building out your home diorama, set or presentation for live shows. You can use their voices to build your sound track, or they can just be part of the presence in your space. You can flip and turn them and use**

**Shadows of Rayna is a third person action game where you play as the first Shadow of the hero Warrior that has been stolen by strange alien-like creatures called Intruders. A few hundred years ago, a spaceship had crash landed in the forest, and after long time, its crew was killed, and the ship was mysteriously destroyed. The crash caused strange radiation that reached the city of Shadows of Rayna. A new secret organization is formed by people who knew what happen in that spaceship. A star-crossed love story with shades of romance and zombie apocalypse. It all happens in the upcoming version of the game. Key Features: - World inspired by both European and Asian cultures; rich in history, food and spices; - Gameplay designed around the warrior's strengths: sword and axe; - Together with the companion Nyx, he was stolen, he will seek for the truth about what happen to him; - An immersive story with a mixture of fantasy, history and a touch of romance; - A creative and innovative take on the theme of bionics and cybernetics; - Hack and slash with a heavy focus on melee combat and new special moves; - Perform devastating combos with a variety of weapons with a variety of characters; - Fully voice acted with multiple actors from Italy and England. Each character has a backstory and a voice that will define their personality. Key Game Features: - Customize your character's gear with a whole new set of weapons, armor and other goodies; - An original open world that truly represents the Shade's experiences; - Various enemies to fight: zombie, human, ogres, cyborgs; - More than 30 unique locations; - Biosystems: a new set of features that allows your character to take advantage of his innate healing and his own intelligence, as well as new forms of healing; - Multiplayer: not only can you fight with other players on the same machine, you can also go online and play with others from the entire world, through the Internet; - On the path of your adventure, you will find different collectibles that can be used in the game.Adding up the cost of the thousand-year rise in sea levels As the ocean rises, each wave is hitting land a little farther inland. That makes it harder to build infrastructure that can handle the waves. But the storms and storms make the water easier to clean up—even when the storms are not a result**
