"Be the first one to play the "Paranormal Teenagers"!" \* For those who don't know, Paranormal Teens Serial Key is a VN where... 1. You are a "Teenager" with an Alien/UFO-like tech. Apparition. 2. You may meet other "Teenagers" who are not under a mental Institution, an unsolved murder or something exotic. They are not angels or superpowers, just kids with Alien/UFO-like tech or a regular human being who's watching over you. 3. You may meet a "Black Cat Man". Not a homeless person. 4. There's creatures and thing that try to make you the perfect victim, a perfect Hero. 5. There's romance. 6. There's secret societies and conspiracies and Civil War and funny things that will (probably) get you killed. 7. They're supernatural teens that want to ruin your life and you've got to set them straight. 8. There are some paranormal Investigators and Paranormal experts and the truth about paranormal and even demons is about to be revealed and in some cases, about to get twisted even worse. 9. You will be saved by a mysterious person because you are the only one that can save the world at this point. Probably, so your existence will save the world, not completely, but a little bit. \*\*\*WARNING! This story is based on real events, but it was re-created on a fictional platform and is completely made up of add-ons! (that is, it wasn't intentional because of a real life event, it was manipulated by the creator of the story and was not meant to be a literal answer to a certain threat). We simply thought it was cool to make it so you can't play this and not read it! YOU ARE A PSYCHIC You were born to be a psychic, but you were raised on the streets. There are a lot of stories and rumors about you. People says you got your powers from a demon, a human, a UFO, or a God, but you never believed any of it and you never told anyone the truth. So you were disappointed, you grew up as a thug in the South-Florida streets. Now you're at a mental institution and you're 'The Psychic' and the rumours has come true. Not only you can see the dead, but you can actually see spirits and hear voices. You

**I was an RVer living in the Willamette valley Oregon in the mid 1980's. While here I met the prettiest teenage girl I could ever have imagined. I had only been dating a few months and in the month that I was in town I asked her out 4 or 5 times. All the while I kept finding her in my bedroom also. I had not told anyone about my involvement with her except my wife who was expecting me home. I have to tell you what happened after I got home. She was a resident of some sort of group house in West Hollywood California. She actually got connected with the whole group. And the only other person living there at the time who would never talk to her or I was the home's director for the house. We met for the very first time in my room after I had just greeted her at a local late night business. I was dressed in an almost all black ensemble(a tight fitting shirt, black pants and black boots.) What struck me about her was her eyes. They were the clearest, deepest green eyes I have ever seen. I was immediately drawn to her deep beauty. I asked how she was and she replied that she was fine. She had just met me at the door. The home was a big converted house that had been purchased by a group of people for the purpose of living in a house who had no family members near by. I asked her to have dinner with me and my wife one day at a nearby buffet in town. I actually fell asleep in the car on the way home that night. She had been spending some time while I was gone in my room hanging out with me and my wife in a good natured way. I**
